

FarmDirect • Government Verified Farmers Registry

Official Pre-Verified Land Records & Anti-Middleman Verification Dataset | Smart India Hackathon 2026

Evaluation Purpose: Traditional agricultural supply chains suffer from commercial brokers and commission agents posing as farmers to sell produce and capture high margins. FarmDirect integrates a state-level **PM-Kisan & Bhulekh Land Registry Gatekeeper** backed by PostgreSQL. Genuine farmers are certified with survey titles; unauthorized entries are blocked (HTTP 403).
